Re: Antolini vs. McCloskey, et al
Case No.: 1:19-cv-09038-GBD

Dear Judge Aaron,

I am responding to the defendants' letter to the Court today's date at 7:27 PM and one day short of three weeks that we sent the HIPPA form they now complain of. Nowhere in the transcript he furnished is there any ask about checking off boxes regarding mental health, alcohol treatment and HIV-related Information.

Moreover, in the interest of churning, defendants never made mention of this in all of their previous writings to the Court for the past number of months. *Moreover, the box for Plaintiffs' Entire Medical Record has been checked off.*

Further, I ask the Court to conduct an in-camera review of the records that have been provided to defendants up to this point in time, as well as the correspondence from the medical providers that they "are refusing to disclose Plaintiff's full medical history" when the box was in fact checked off.

In addition, if defendants had made clear that this is what they wanted then we would have provided same.

Very truly yours,

Stuart H. Finkelstein
